

Ipsen

Goldman Sachs

33rd Annual Global Healthcare Conference

Rancho Palos Verdes, CA

5 June 2012

Disclaimer

This presentation includes only summary information and does not purport to be comprehensive. Forward-looking statements, targets and estimates contained herein are for illustrative purposes only and are based on management's current views and assumptions. Such statements involve known and unknown risks and uncertainties that may cause actual results, performance or events to differ materially from those anticipated in the summary information. Actual results may depart significantly from these targets given the occurrence of certain risks and uncertainties, notably given that a new product can appear to be promising at a preparatory stage of development or after clinical trials but never be launched on the market or be launched on the market but fail to sell notably for regulatory or competitive reasons. The Group must deal with or may have to deal with competition from generic that may result in market share losses, which could affect its current level of growth in sales or profitability. The Company expressly disclaims any obligation or undertaking to update or revise any forward-looking statements, targets or estimates contained in this presentation to reflect any change in events, conditions, assumptions or circumstances on which any such statements are based unless so required by applicable law.

All product names listed in this document are either licensed to the Ipsen Group or are registered trademarks of the Ipsen Group or its partners.

The implementation of the strategy has to be submitted to the relevant staff representation authorities in each country concerned, in compliance with the specific procedures, terms and conditions set forth by each national legislation.

Safe Harbor

The Group operates in certain geographical regions whose governmental finances, local currencies or inflation rates could be affected by the current crisis, which could in turn erode the local competitiveness of the Group's products relative to competitors operating in local currency, and/or could be detrimental to the Group's margins in those regions where the Group's drugs are billed in local currencies.

In a number of countries, the Group markets its drugs via distributors or agents: some of these partners' financial strength could be impacted by the crisis, potentially subjecting the Group to difficulties in recovering its receivables. Furthermore, in certain countries whose financial equilibrium is threatened by the crisis and where the Group sells its drugs directly to hospitals, the Group could be forced to lengthen its payment terms or could experience difficulties in recovering its receivables in full.

Finally, in those countries in which public or private health cover is provided, the impact of the financial crisis could cause medical insurance agencies to place added pressure on drug prices, increase financial contributions by patients or adopt a more selective approach to reimbursement criteria.

All of the above risks could affect the Group's future ability to achieve its financial targets, which were set assuming reasonable macroeconomic conditions based on the information available today.

Objectives for today

1

Ipsen's strategy

2

2012, an important year in Ipsen's transition

3

Zoom on emerging markets presence

4

Outlook

In June 2011, Ipsen announced and started to implement its new strategy

- Defined 2020 strategy*
- Renewed Executive Committee*
- Franchise based organization implemented*
- R&D merged*
- Uro-Oncology franchise reinforced*
- IB1001 filed in Europe and in the US*
- US platform reorganization initiated*

2012, an important year in Ipsen's transformation to fulfill its 2020 ambition

Partner primary care France as profitability deteriorates

Maintain high single digit specialty care growth and double digit emerging markets growth

Progress rich late stage pipeline

Relaunch US operations to increase profitability

Accompany Inspiration's success

A - Find a partner for primary care France as profitability deteriorates

Ipsen	Potential partner
Reach critical mass to be positioned among market leaders	
Maximize brand equity with complementary product range	
Leverage dedicated sales force on Rx and OTx segments	
Manage mature product life cycle	
Share cost base	
Create a platform that can in-license products , sign partnerships ...	
<ul style="list-style-type: none"> • Align company profile with strategy • Focus Management time and effort on Specialty care • Access OTC – OTX network and know how 	<ul style="list-style-type: none"> • Increase share-of-voice • Reinforce product range

Organize Ipsen to better address the 2012 French primary care operating profit loss (approximately impacting Ipsen's recurring adjusted⁽¹⁾ operating margin by 300bp to 400bp)

(1) Prior to i) Impairment charges and ii) non-recurring expenses particularly linked to the strategy announced on 9 June 2011

B – Maintain high specialty care growth – 12Q1 sales...

(in million euros, growth at constant exchange rate)

...while leveraging strong geographical reach...

Ipsen recorded sales in more than 100 countries in 2011

Rounded Market shares at Q3/2011

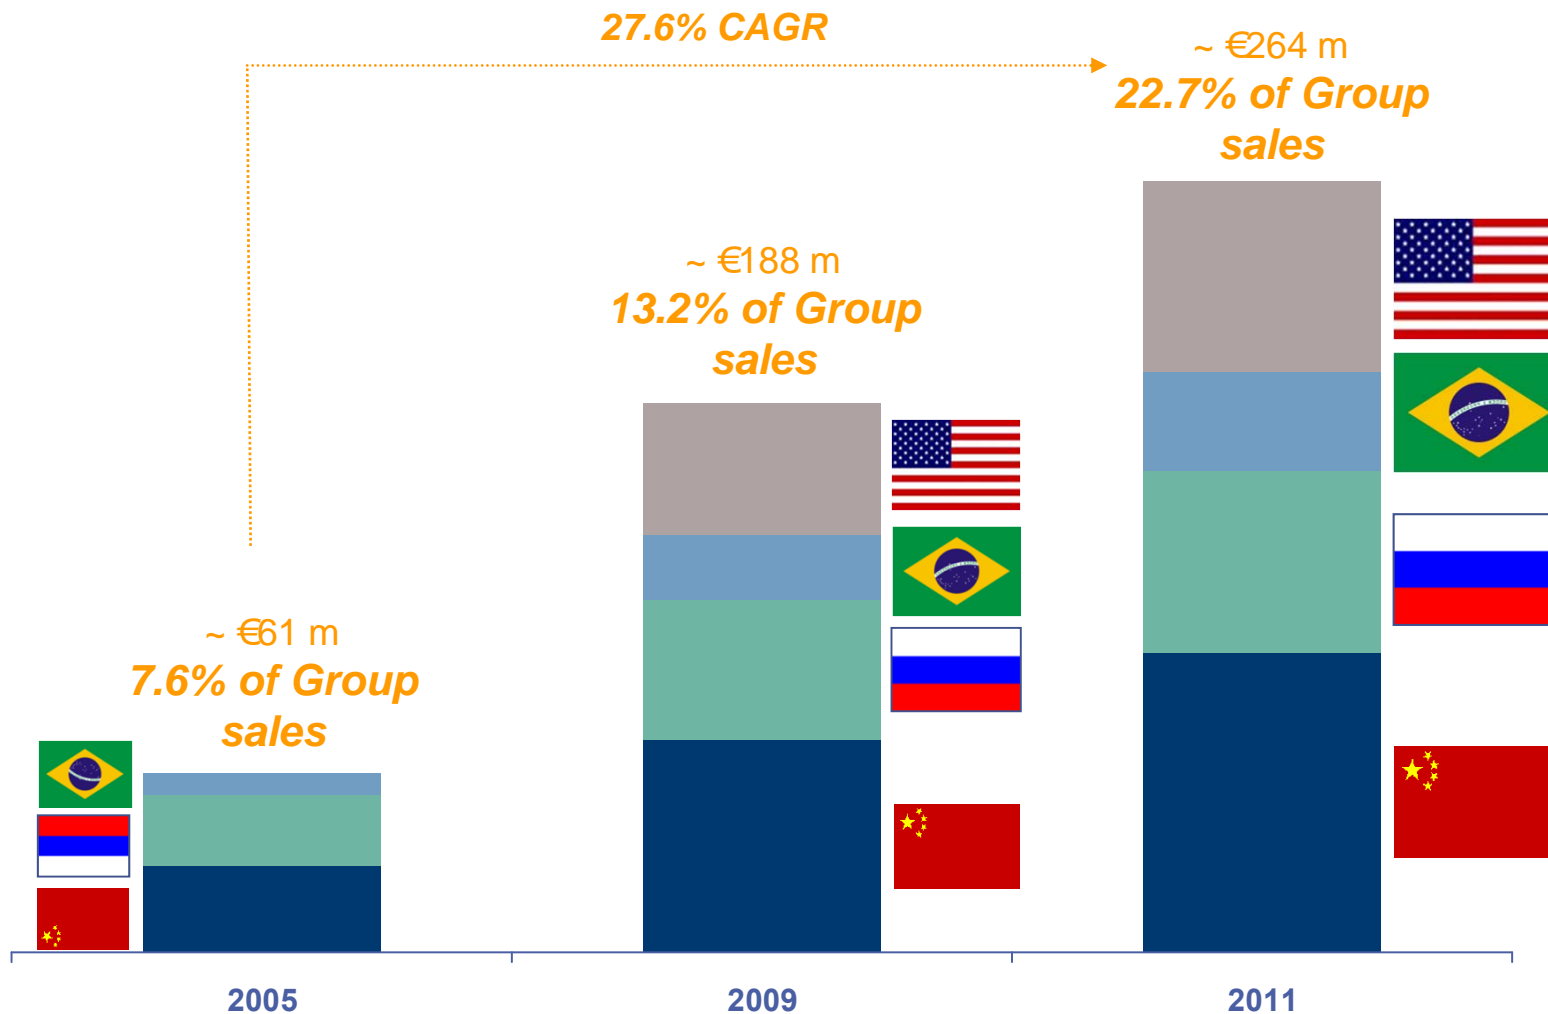

Market shares are for (i) Dysport® in medical indications only, in value expressed in local currency (ii) Decapeptyl in units (iii) Somatuline in units.

*Market of the Somatostatin analogs (SSA) in acromegaly only

... translating into solid growth generated outside Europe G5 countries....

... mainly driven by four key countries

Emerging countries are Ipsen's most profitable geographies

Operating margin per operating segment¹

▶ Profitability in emerging markets higher than in G5 countries

▶ Ipsen's profitability in emerging markets among the highest of the industry

Improve the US profitability: Group priority

Ipsen benefits from a longstanding presence in China, now its 2nd affiliate

- *Established in 1992*
- *~€104.5m 2011 sales*
- *A truly Chinese organisation ~ 500 employees of which 3 expatriates*
- *China to become first affiliate if French primary care activity is spun off (JV)*
- *Investment territory – triple sales force by 2020*

*China is Ipsen's second affiliate**

Ipsen to grow through expansion of current portfolio and geographical coverage

Current portfolio

Growth drivers

- ▶ *Décapeptyl[®] in prostate cancer indication*
- ▶ *Expansion of geographic coverage towards tier-3 cities*
- ▶ *Business development to strengthen current portfolio*
- ▶ *Register Dysport[®] and Somatuline ATG[®] to capture further growth*

2005 - 2011 CAGR: 23% at constant exchange rate

NOTE 1: Etiasa[®] in-licensed from Ethypharm
 NOTE 2 : Q4 2011 - 39% market share in volume (MOT) for SR formulations covering all indications excl.IVF (Gynecology, prostate cancer,...)

A strong presence in Russia, the fastest growing Eastern European market

- *Presence since 1993*
- *>200 employees*
- *~€62m 2011 sales*
- *Commercial presence in 30+ major cities*
- *Investment territory – double sales force by 2020*

*Russia is Ipsen's fourth affiliate**

Ipsen to leverage its well-established portfolio in Russia

Current portfolio

2011 sales split, %

Growth drivers

Primary care

~ 10% market share

Specialty care

- Leader in neurology indications (69%MS)
- ~47% market share in the aesthetic market

~15%¹ market share in both prostate cancer and endometriosis

2005 - 2011 CAGR: ~17.5% at constant exchange rate

Brazil, success built on strong Specialty care focus

Specialty care portfolio¹

New launch

Historical product

Somatuline²[®]

Dysport[®]
aesthetics through
a partner

Dysport[®]
therapeutics

Market leader in botulinum toxin market

Dysport[®]'s market share in Brazil³

2005 - 2011 CAGR: 29% at constant exchange rate

Relaunch our US operations...

New Organization

- **New HQ opened in NJ (April 2012)**
- **Implementation well under way :**
 - Full leadership team hired
 - 175 FTEs hired and active; 30 open positions
- **Business Unit focus**
 - Somatuline[®]
 - Dysport[®]

US organization: a corporate priority

Dysport[®]

- **Sales force excellence:**
 - Major overhaul with renewal of 40% of sales force
- **Back to basics marketing**
- **Physician training**

Ensure Dysport[®] growth

...fueled by Life-Cycle Management and new Products

Seven ongoing phase IIIs in the US

3 Dysport® (Spasticity)

- Adult upper limb spasticity
- Adult lower limb spasticity
- Pediatric upper limb spasticity (pending FDA)
- Pediatric lower limb spasticity

Filings expected to commence
in 2014 - 15

2 Somatuline® (NET)

- Functioning NET
- Non Functioning NET

Filings expected to commence
in 2014

2 Hemophilia (Inspiration)

- OBI-1 (rpFVIII) Hemophilia A with inhibitors
 - Congenital
 - Acquired

IB1001 BLA submitted in the US
Filings of OBI-1 expected to
commence in 2012 / 2013

D - Accompany Inspiration's success

Get ready for IB1001's launch in Europe in early 2013 and in the US early 2014

Progress both OBI-1 phase IIIs.

Address Inspiration's financing needs

A win-win partnership

E - Invest to grow: a rich Ph III program

9 on-going phase IIIs, 3 for NMEs, 6 for life cycle management

Concluding remarks and 2012 Outlook

Marc de Garidel

Chairman and CEO

Transformation is progressing well, as planned

Transformation to continue in 2012

2012 Objectives

<p><i>Specialty Care - Drug sales</i></p>	<p><i>Growth of +8.0% to +10.0%, year-on-year</i></p>
<p><i>Primary Care - Drug sales</i></p>	<p><i>Decrease of approximately 15.0%, year-on-year</i></p>
<p><i>Recurring Adjusted* operating margin</i></p>	<p><i>approximately 15.0% of sales</i></p> <p><i>This objective includes declining profitability of primary care in France, in particular as a result of the delisting of Tanakan® (effective as of 1 March 2012) and enforced price cuts. The impact of this decline on the Group's 2012 recurring adjusted operating margin is estimated at approximately 300 to 400 basis points.</i></p>

The above objectives are set at constant currency and perimeter

** Prior to i) Impairment charges and ii) non-recurring expenses particularly linked to the strategy announced on 9 June 2011*

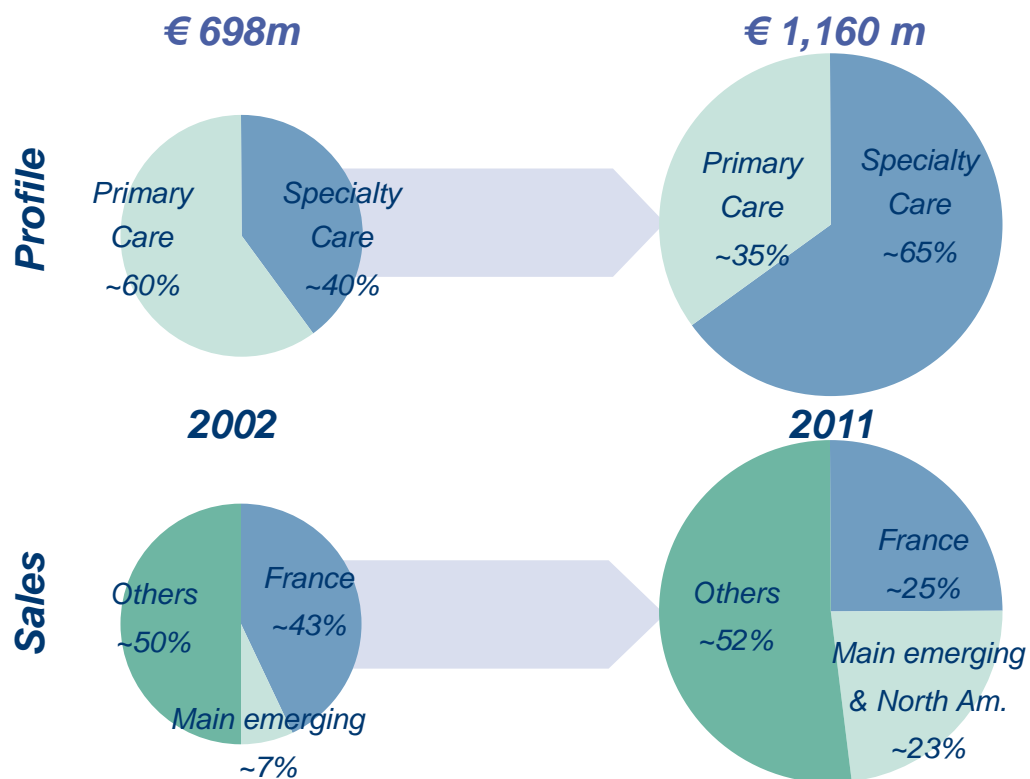

Thank you.

Backups

Over the last decade, Ipsen has succeeded in adapting to a fast changing environment

Evolution of Ipsen's sales profile...

...driven by Specialty care

Specialty Care
Endocrinology o/w Somatuline® 2002-2011 CAGR: 16.9%
Neurology o/w Dysport® 2002-2011 CAGR: 14.6%
Uro-Oncology o/w Decapeptyl® 2002-2011 CAGR: 5.7%
Primary care Primary care 2002-2011 CAGR: -0.2%

Accelerating decrease of French Primary care:

- 2002 – 2011 CAGR: **-3.0%**
- 2006 – 2011 CAGR: **-7.6%**

Main emerging countries : China, Russia, Brazil

Note : French accounting standards for 2002 figures

New strategy aims at leveraging Ipsen's core strengths to become a global leader in targeted debilitating diseases

Increase Focus

Invest to Grow

Leverage Footprint

A market-oriented franchise model...

...driving an R&D patient centric organization focused on core platforms, peptides and toxins.

More than double revenues¹

...and more than triple EBIT² by 2020

R&D to focus on 2 differentiated technological platforms...

Peptides

- Knowledge of hormonal pathways
- Extensive knowledge of peptide design and chemistry
- Expertise in peptide formulation

- ⇒ Enhance efficacy
- ⇒ Improve selectivity
- ⇒ Prolong duration of action
- ⇒ Target specific tissues, tumors
- ⇒ ...

Toxins

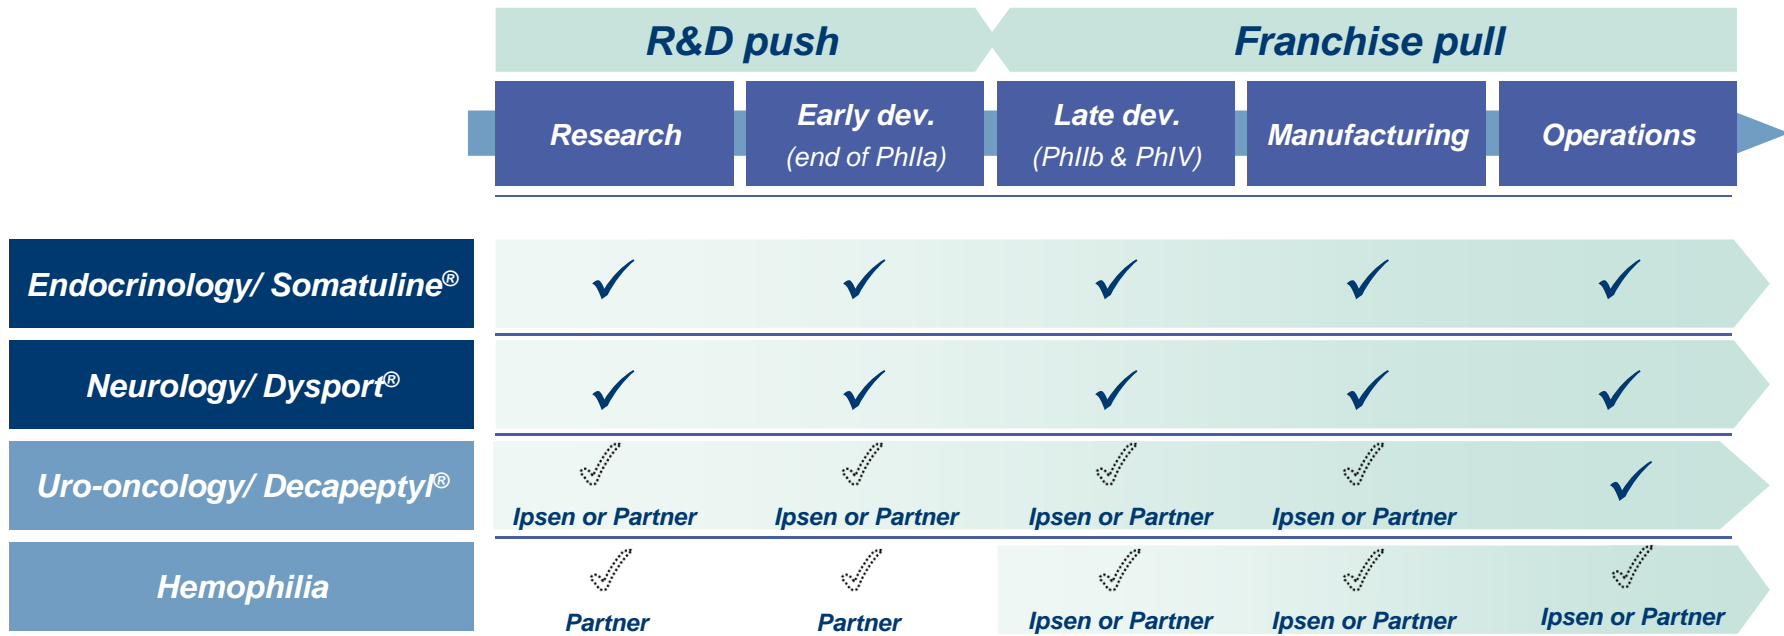

- Track record expertise in botulinum toxin with Dysport®
- Pharmacological, preclinical and clinical expertise in Botulinum Toxin
- Established network of Toxin experts

- ⇒ Develop the indication base
- ⇒ Design of novel targeted toxins
- ⇒ Design of toxins with different characteristics (onset of action, duration),

...supported by franchises focus along the whole value chain...

Franchise focused on medical (narrative + clinical trials...) and marketing (TPP, global roll out strategy...)

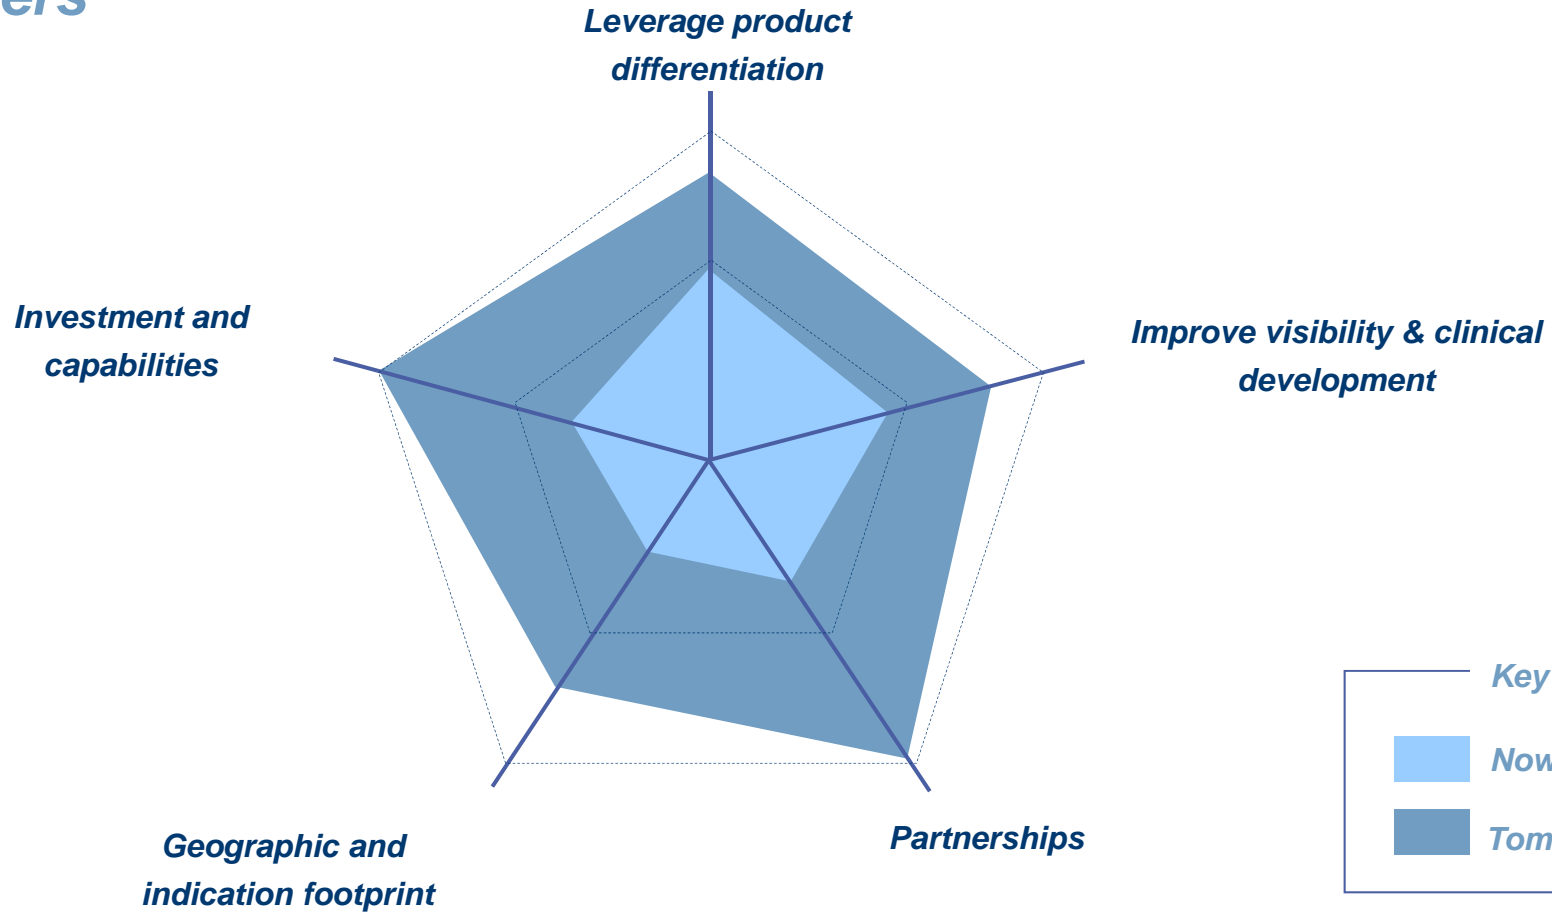

Somatuline[®], a differentiated device and formulation

- Ready to use, retractable needle for full dose release and safety
- Self administration*
- Health economic benefit
- Extended dosing interval (US+ Europe) in Acromegaly

Ambition : triple Somatuline[®] sales by 2020 across all key levers

NET and the US : two main growth drivers

Neurology/ Dysport®: a solid second player in the botulinum toxin market

Toxin market: ~€1.35bn in 2010

USA ~ 50% global BonTA market in 2010

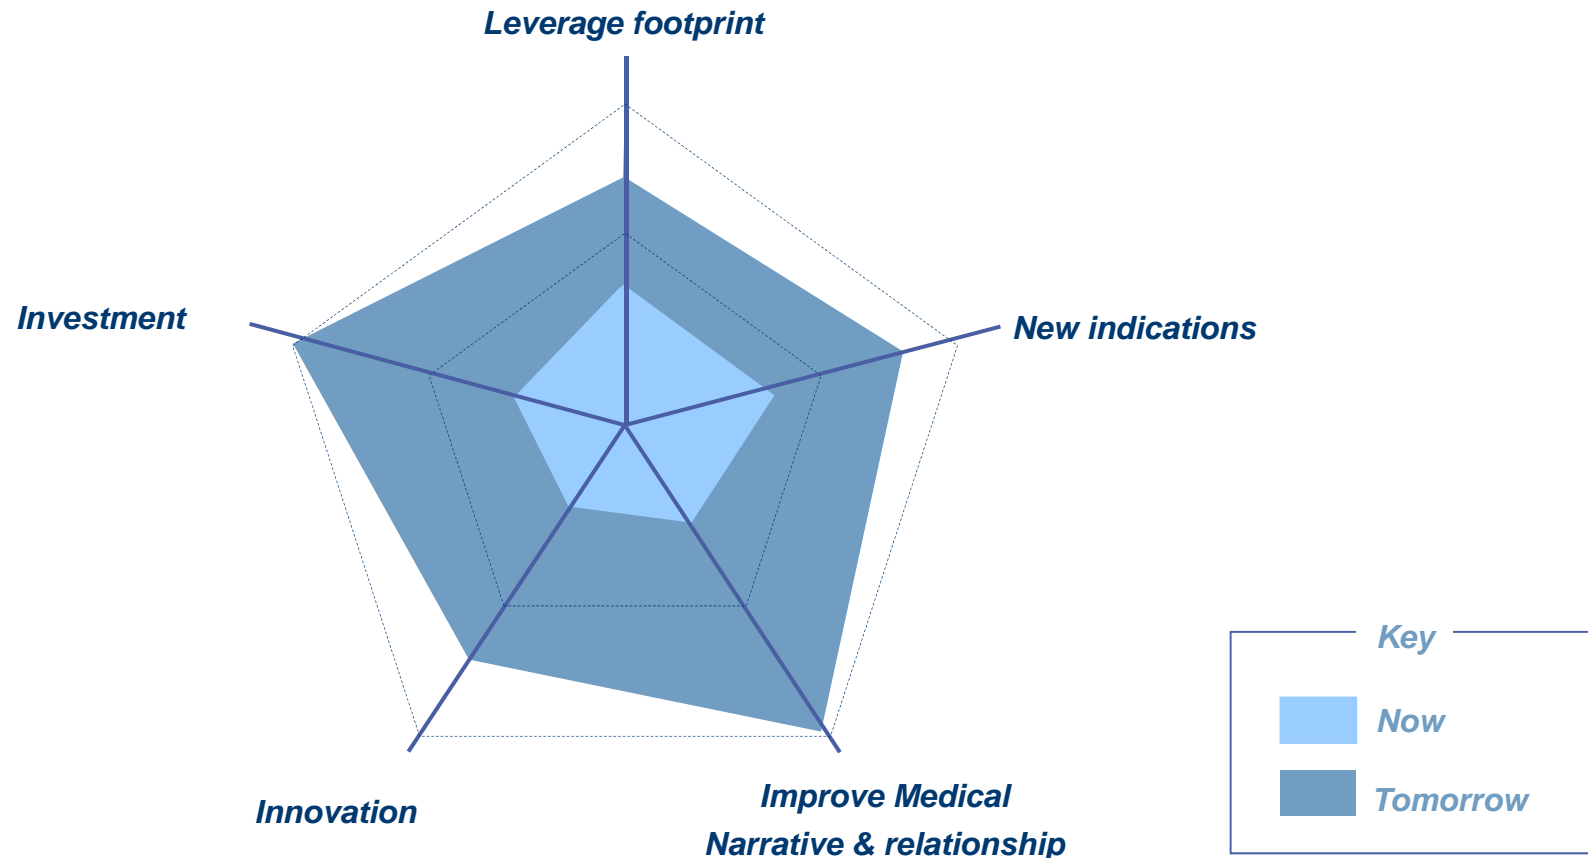

Dysport® indications

Dysport®, market leader in selected geographies: Brazil, the UK, Russia

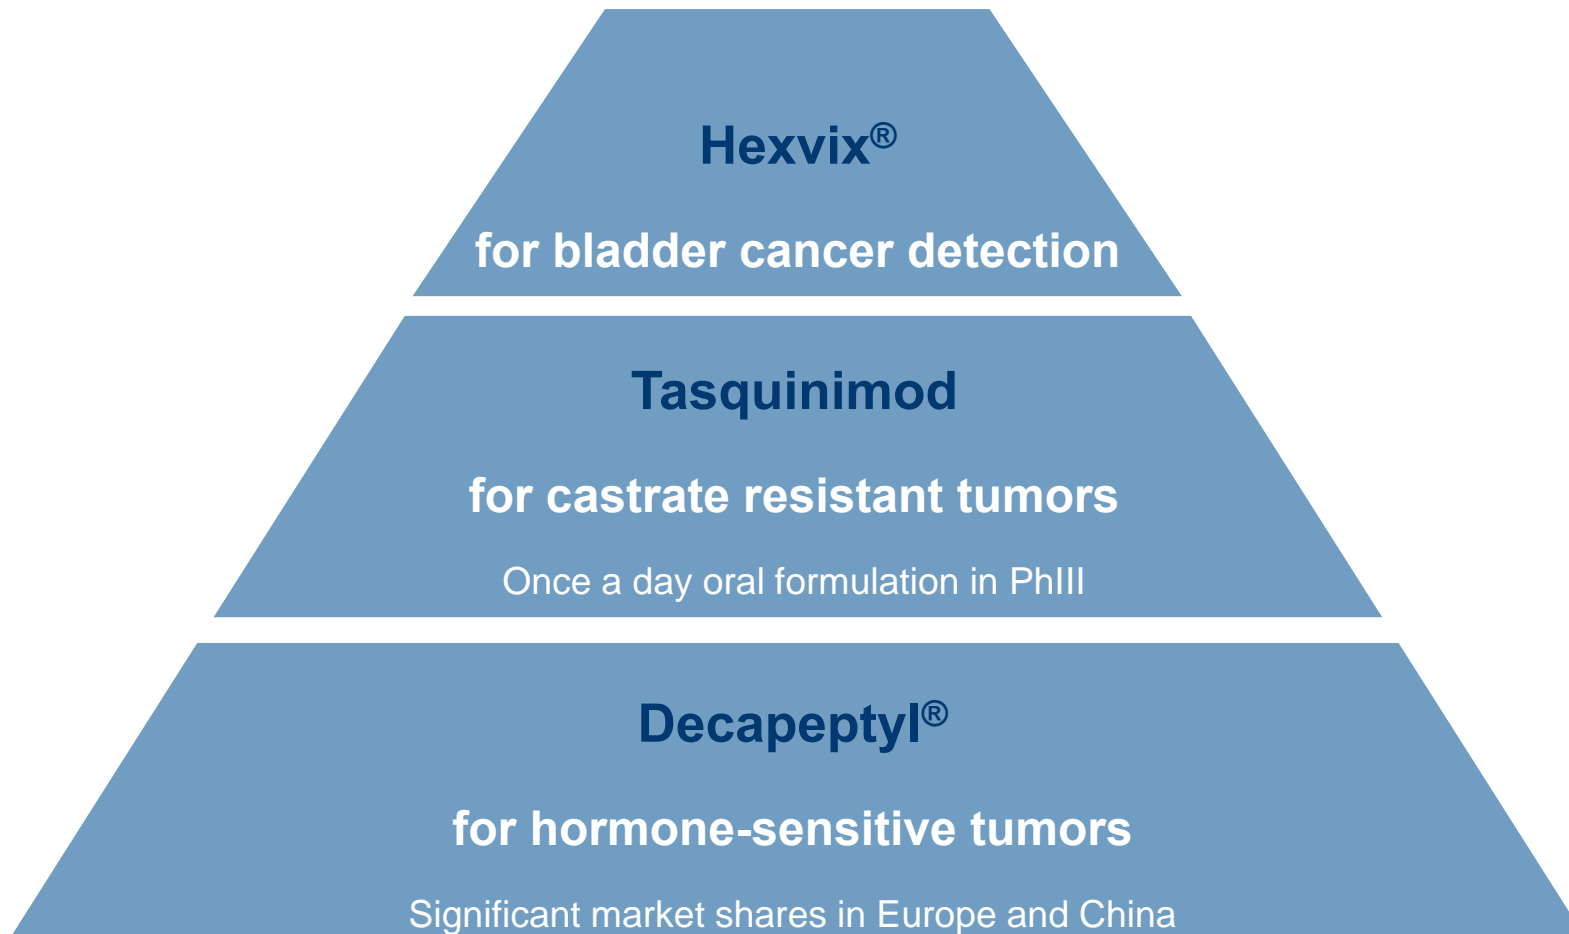

Ambition : triple Dysport® sales by 2020 across all key levers

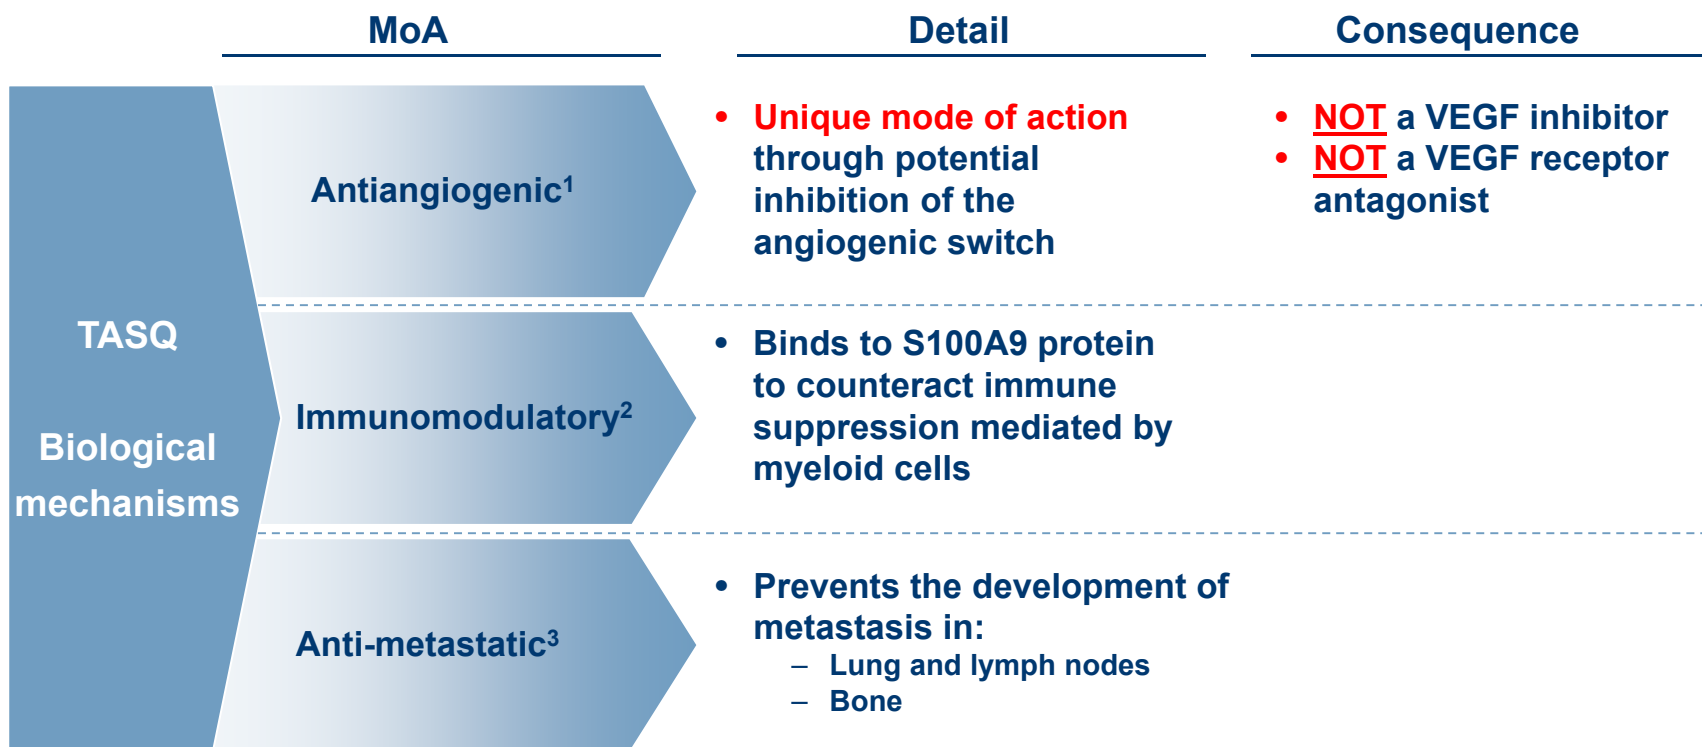

Spasticity and the US: two main growth drivers

Uro-oncology: a franchise with renewed growth opportunities

Tasquinimod, a unique pleiotropic mechanism of action in CRPC

Tasquinimod's characteristics trigger interest from the medical community

Tasquinimod :

Oral,

once a day,

single agent

Pleotropic MoA:
anti-metastatic,
immunomodulatory and
unique anti-angiogenic
activities, acting on the
tumor and stromal
compartment

- **Zytiga[®]** (hormonal CYP 17 inhibitor) from J&J:
 - Oral, once a day but **must** be used in combination with oral Prednisone (corticosteroids)
 - Patient escape Zytiga[®] after c.1 year of treatment
- **TAK700** (orteronel, hormonal CYP 17 inhibitor) from Takeda
 - Oral, twice a day but **must** be used with oral Prednisone (corticosteroids)
- **MDV3100** (androgen receptor signaling inhibitor - ARSI) from Medivation
 - Oral, once a day
- Recent anti-VEGF related antiangiogenic attempts in treating prostate cancer failed:
 - **Sutent[®]** from Pfizer: tyrosine kinase (o/w VEGF receptors) inhibitor
 - **Avastin[®]** from Roche: anti VEGF
 - **Zaltrap[®]** from Sanofi: VEGF trap

Tasquinimod, promising phase II results

Safety and efficacy analysis* of Phase II study of Tasquinimod in chemotherapy naïve patients with asymptomatic metastatic castrate-resistant prostate cancer (CRPC) (n=201)

Primary end point
Proportion of patients with progression at 6 months:
n=134/67 31% in Tasquinimod group vs. 66% in placebo group

Tasquinimod improves Radiographic Progression Free survival vs. placebo (8.8 months vs. 4.4 months)

Most common AE-s and percent of patients with grade 1-4 in Double-blind phase

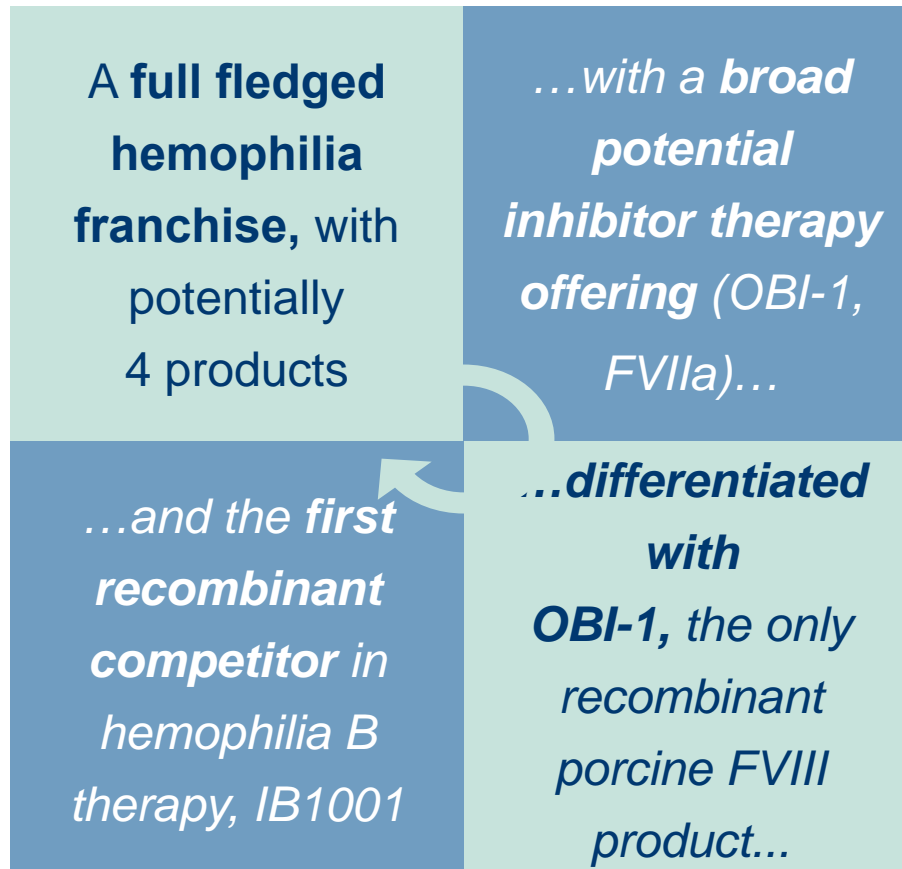

Side effects are manageable

* ASCO-GU, 2011, J. Armstrong¹, M. Haggman², W. M. Stadler³, J. R. Gingrich⁴, V. J. Assikis⁵, O. Nordle⁶, G. Forsberg⁶, M. A. Carducci⁷, R. Pili⁸

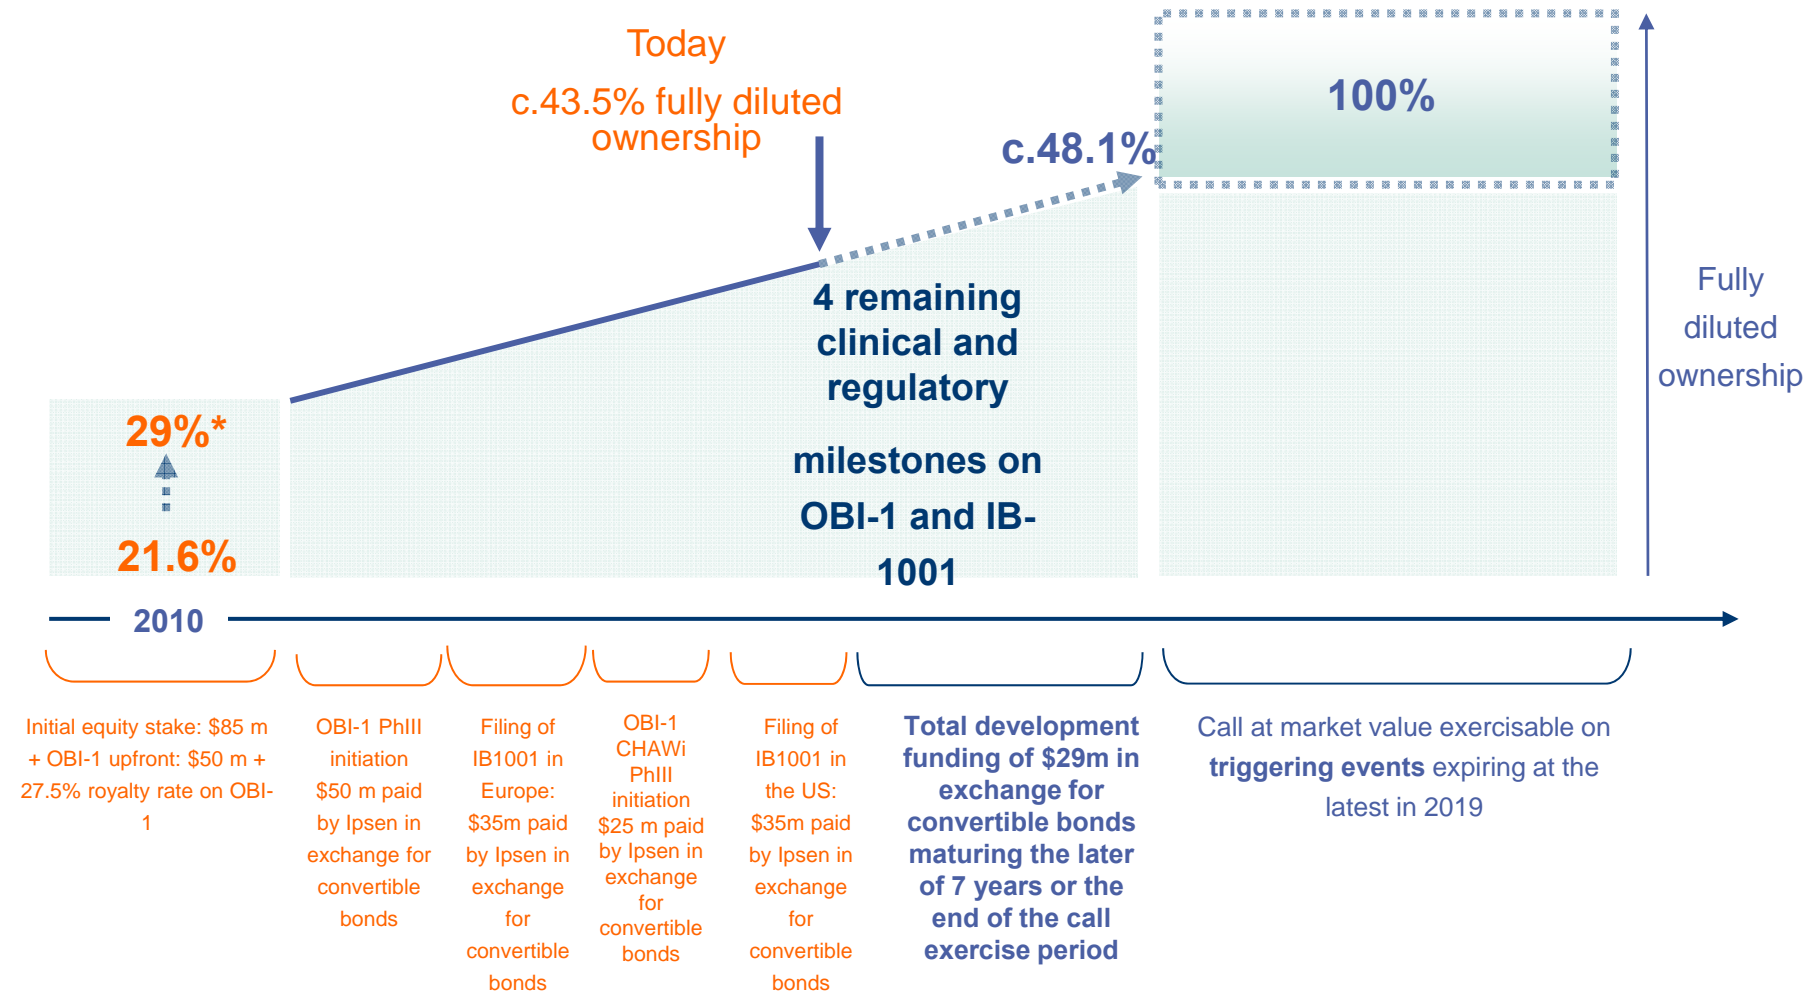

Ipsen and Inspiration are aiming at all levels of the coagulation cascade for the treatment of hemophilia

- ➔ An \$8bn market
- ➔ A high margin market
- ➔ 2 products in Ph III:
 - OBI-1: a highly innovative porcine recombinant Factor VIII (orphan drug)
 - IB1001: first rFIX biosimilar in an underserved, growing market

Hemophilia: Ipsen now has 43.5% of fully diluted ownership of Inspiration

Full-year 2011 financial performance

FY 2011 Sales : Specialty products account for 66% of total sales

in million euros

Other revenues evolution

- **Royalties Received**

Up 46,6% y-o-y, driven by the increase in royalties paid by Medicis, Galderma and Menarini

- **Other revenues**

Revenues from Inspiration Inc. for OBI-1 development costs (€22.2m)⁽¹⁾ and from co-promotion agreements in France

- **Milestones**

Progressive recognition of milestones already cashed-in from Medicis, Galderma, Recordati, Inspiration

2010, unfavourable baseline, marked by the end of the taspoglutide deferred revenue recognition

Evolution of main P&L items: above operating result

COGS (% of sales)

Research & Development (€m)

Sales & Marketing (€m)

G&A (€m)

Recurring adjusted Operating Income has improved by 9.6%

Below EBIT evolution

Proposed dividend of €0.8 per share, stable y-o-y
