Marc de Garidel, Chairman & CEO

Cowen and Company 33rd Health Care Conference – March 5, 2013

Disclaimer

This presentation includes only summary information and does not purport to be comprehensive. Forward-looking statements, targets and estimates contained herein are for illustrative purposes only and are based on management's current views and assumptions. Such statements involve known and unknown risks and uncertainties that may cause actual results, performance or events to differ materially from those anticipated in the summary information. Actual results may depart significantly from these targets given the occurrence of certain risks and uncertainties, notably given that a new product can appear to be promising at a preparatory stage of development or after clinical trials but never be launched on the market or be launched on the market but fail to sell notably for regulatory or competitive reasons. The Group must deal with or may have to deal with competition from generic that may result in market share losses, which could affect its current level of growth in sales or profitability. The Company expressly disclaims any obligation or undertaking to update or revise any forward-looking statements, targets or estimates contained in this presentation to reflect any change in events, conditions, assumptions or circumstances on which any such statements are based unless so required by applicable law.

All product names listed in this document are either licensed to the Ipsen Group or are registered trademarks of the Ipsen Group or its partners.

The implementation of the strategy has to be submitted to the relevant staff representation authorities in each country concerned, in compliance with the specific procedures, terms and conditions set forth by each national legislation.

Safe Harbor

The Group operates in certain geographical regions whose governmental finances, local currencies or inflation rates could be affected by the current crisis, which could in turn erode the local competitiveness of the Group's products relative to competitors operating in local currency, and/or could be detrimental to the Group's margins in those regions where the Group's drugs are billed in local currencies.

In a number of countries, the Group markets its drugs via distributors or agents: some of these partners' financial strength could be impacted by the crisis, potentially subjecting the Group to difficulties in recovering its receivables. Furthermore, in certain countries whose financial equilibrium is threatened by the crisis and where the Group sells its drugs directly to hospitals, the Group could be forced to lengthen its payment terms or could experience difficulties in recovering its receivables in full.

Finally, in those countries in which public or private health cover is provided, the impact of the financial crisis could cause medical insurance agencies to place added pressure on drug prices, increase financial contributions by patients or adopt a more selective approach to reimbursement criteria.

All of the above risks could affect the Group's future ability to achieve its financial targets, which were set assuming reasonable macroeconomic conditions based on the information available today.

Agenda

1

2012, healthy performance in a challenging year

2

Business and strategy update

3

2013 financial objectives and closing remarks

2012, healthy performance in a challenging year

2012: Strong operating performance in light of French primary care headwind

Dynamic and sustained specialty care sales growth of +11.3%¹
Strong French primary care sales decrease (-29.7%)

Reported Operating Income impacted by new organization of French primary care commercial operations

Recurring Adjusted² Operating margin of 16.1%³, strong performance in light of French primary care headwind

Net loss of (€29.0m), impacted by the Group's decision to exit hemophilia

Recurring adjusted² EPS of € 1.74 versus 1.85^(*) in 2011

Strong cash flow generated by operating activities of €165.0m

¹ excluding foreign exchange impacts

² Operating income excluding non recurring elements

³ In percentage of sales

(*) 2011 figures have been restated to provide comparative information between 2011 and 2012

In 2012, Ipsen beat sales and profitability objectives

	2012 guidance	2012 actuals
Specialty Care - Drug sales*	~ +10.0%	+11.3% 
Primary Care - Drug sales*	~ (15.0%)	(13.2%) 
Recurring Adjusted** operating margin	~ 15.0%	16.1%

Specialty care up 11.3% with all franchises delivering strong and sustainable volume growth

Group's sales growth driven by all regions

G5 growth hampered by French primary care decline

GROUP SALES growth : +5.1% (incl. Drug related sales)

In million euros

At constant currency : +3.3%

■ Major Western European countries ■ Other European Countries

■ North America

■ Rest of the World

- **ROW**
Strong volume growth across the region
- **North America**
Continued penetration of Somatuline[®] and Dysport[®] sales to partner. Sales up 11.5% y-o-y restated to exclude Apokyn^{®*}
- **Other European countries**
Sustained volume growth, in Russia, Poland, the Netherlands and Ukraine
- **European G5**
Strong Specialty care growth more than offset by French primary care and administrative measures in Spain

Excluding French primary care, G5 grew 6.9% y-o-y at constant currency

Growth rates excluding foreign exchange impacts

**In November 2011, Ipsen sold its North American development and marketing rights for Apokyn[®]*

Growth driven by emerging markets

Growth

c.+20%

- Very successful OTC campaign on Smecta® and Tanakan®
- Very strong performance of Decapeptyl® and Dysport®, market leader

c.+23%

- Very strong performance of Dysport® both in therapeutic and aesthetic indications, market leader

~c.14%¹

¹ Performance restated to exclude Etiasa®

- Strong performance negatively impacted by price and volume impact of Etiasa® inventory destruction
- Very strong performance of Decapeptyl®, up ~25%
- Continued penetration of Smecta®

All growth rate are 2012 over 2011 and exclude foreign exchange impacts

Focus on Russia

Ipsen outperforming Russian pharma market

Base 100 comparison Ipsen Russia growth vs market

Ipsen Russia showing fast and accelerating growth

Net sales at constant FX rate [Meur]

In 2012, an outstanding performance in Europe, up 7.6% excluding Primary care France

Examples

Growth : c.+14%
Supported by very strong performance of Decapeptyl[®] and Somatuline[®]

Growth in Nordic countries: c.+14%
Supported by strong performance of Decapeptyl[®] and Somatuline[®]

Growth : c.+21%
Supported by very strong performance of Somatuline[®] and the successful launch of Hexvix[®]

Poland: c+33%
Successful market access campaign on Somatuline[®]

All growth rate are 2012 over 2011 and exclude foreign exchange impacts

Sales growth in 2012: Ipsen performs well in the pharma and biotech markets

Ipsen FY12 growth at constant currency 3.3%

Key clinical development milestones achieved in 2012

	Clinical development phase	Progress	Molecule/Drug
✓	Phase I	Initiated and completed	BN 82451 Huntington Disease
✓	Phase II	Initiated	Tasquinimod 4 POCs <i>(hepato-cellular, ovarian, renal cell and gastric carcinomas)</i>
✓	Phase II	Initiated	Tasquinimod Maintenance post Docetaxel
✓	Phase II	Completed	Dysport® Next Generation Glabella Lines - Europe
✓	Phase III	Fully recruited	Tasquinimod mCRPC
✓	Phase III	Fully recruited	Dysport® Next Generation CD - Europe
✓	Phase III	Fully recruited	Somatuline® Functioning NET US

Ipsen replenishing early-stage pipeline while executing on phase IIIs

Ipsen adapting to a challenging environment in French primary care

French primary care sales down 29.7% in 2012

French primary care restructuring plan

- >175 positions, mainly commercial (c.2/3 of total French primary care sales force)

- One-off* restructuring costs accrued in 2012 and mainly cashed out in 2013
 - Synergies from the new organization of French primary care commercial operations expected in 2014

Exit of hemophilia franchise

OBI-1 + Milford facility

- Asset Purchase Agreement* (APA) signed with Baxter International
- Deal terms:
 - \$50 million upfront
 - Up to \$135 million in potential additional development and commercial milestones
 - Net sales payments ranging from 12.5% to 17.5% of OBI-1 annual net sales

IB1001

- APA signed with Cangene
- Transaction closed
- Deal terms:
 - \$5.9 million upfront
 - Up to \$50 million in potential additional commercial milestones
 - Net sales payments ranging from 0% to 25% of IB1001 annual net sales

FINANCIALS

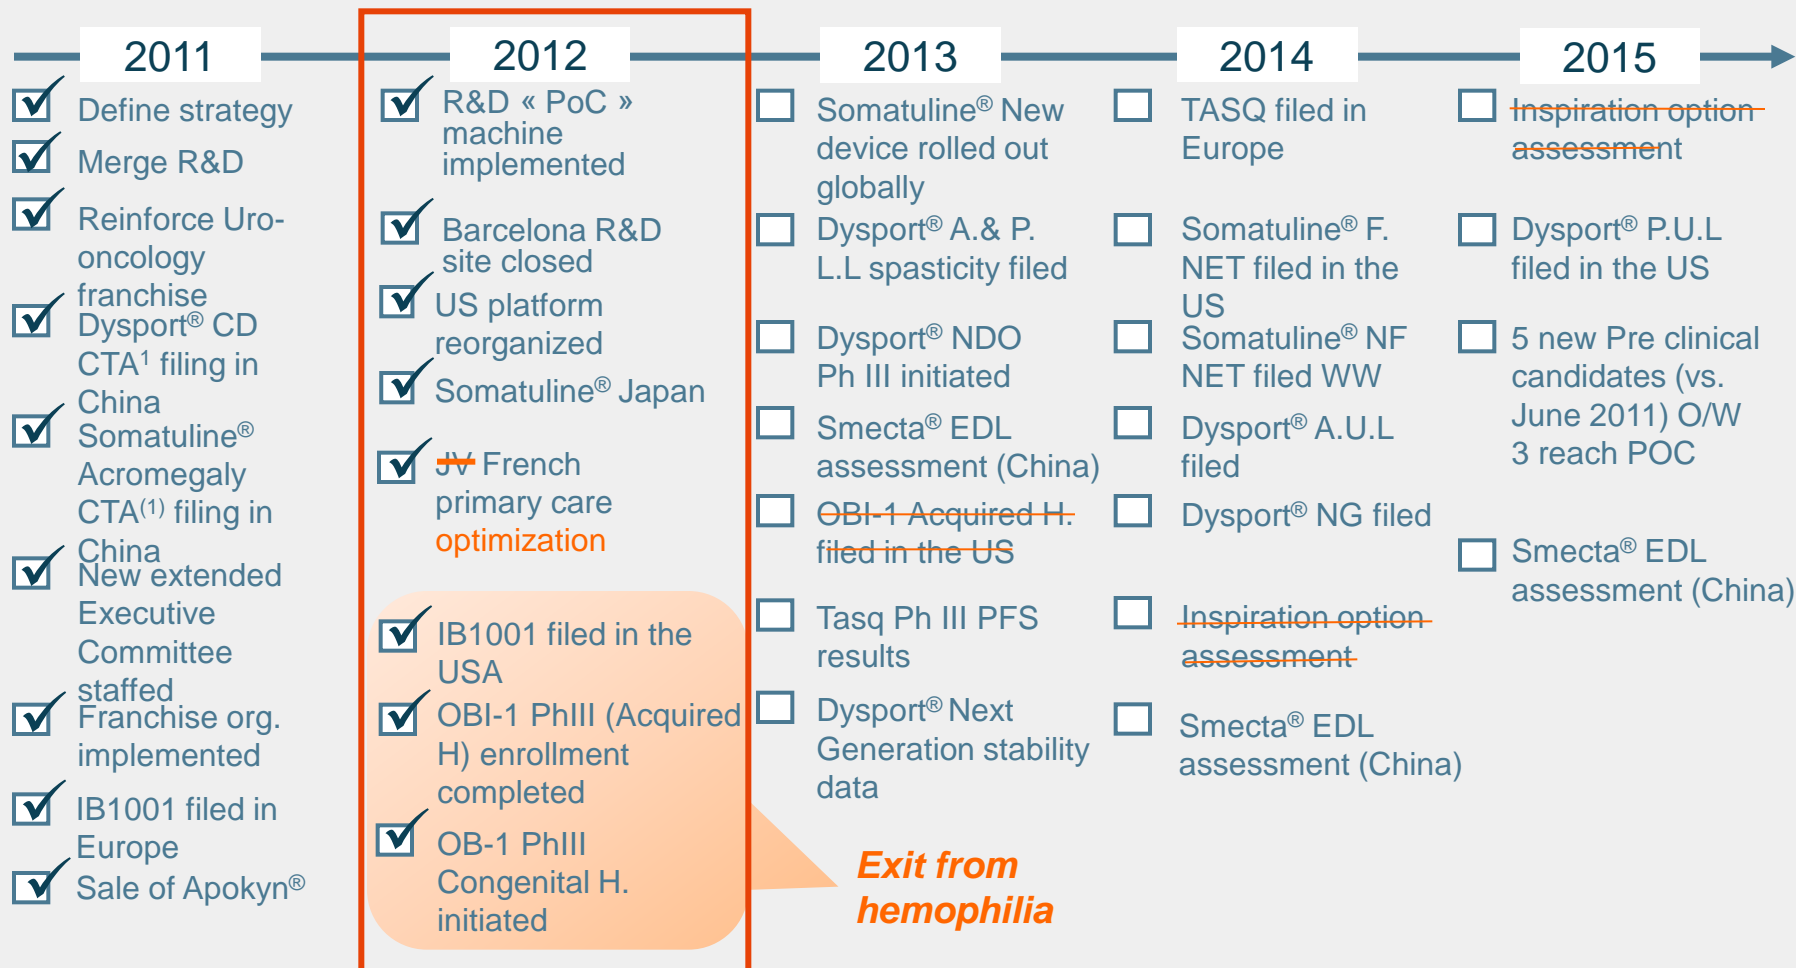

Ipsen to receive:

- c.60% of upfront payments
- 80% of all payments up to a present value of \$304 million over and above upfront amounts
- 50% of all proceeds thereafter

- **One-off impairment charge** of €100m after tax booked in 2012 discontinued operations**
- **All hemophilia-related revenues and costs reallocated to discontinued operations**

*APA signed by Ipsen and Inspiration as a result of a joint marketing and sale process, Subject to closing conditions (FTC approval)
**Non recurring charge - The share of upfront payment to be received by Ipsen should mainly cover the total amount of DIP financing provided to Inspiration. The remaining portion of proceeds is contingent on OBI-1's approval; as a consequence the Group impaired all its hemophilia-related assets as of 31 December 2012.

In 2012, transformation progressed with new orientation in French primary care and sale of hemophilia

Transformation continues...

Business and Strategy update

Business and Strategy update on 2013 milestones

Sustainable franchise and geographical growth

Replenish early-stage and execute on late-stage pipeline

A: Levers to drive franchise and geographical growth

Uro- Oncology

Endocrinology

Neurology

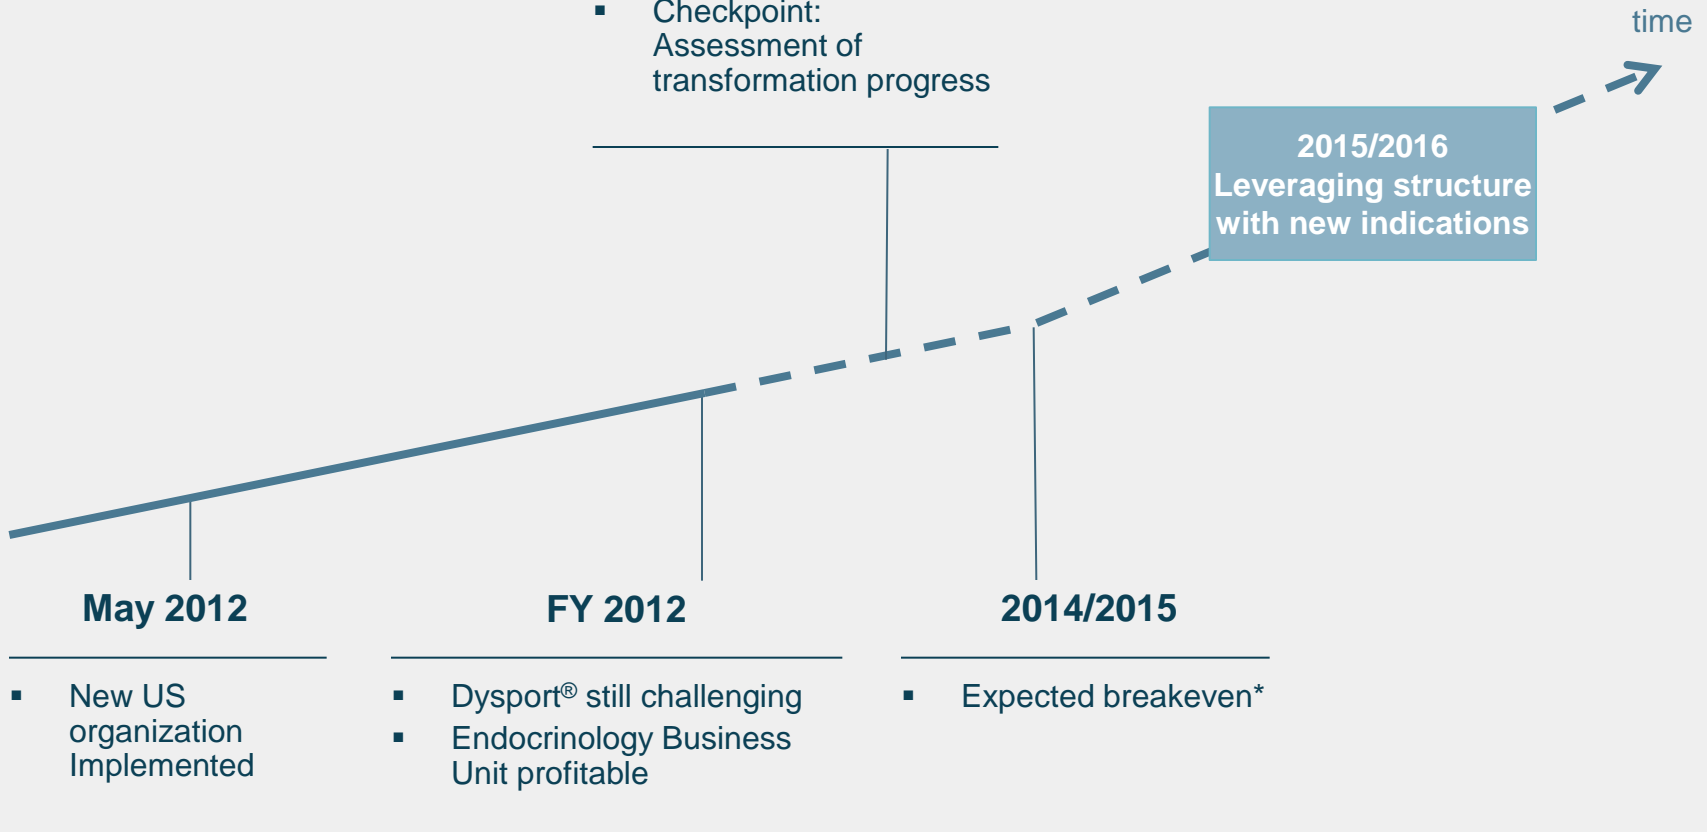

- **New indications/Innovation**
 - **Geographic expansion**
 - **Life cycle management**
 - **Partnerships**

Leverage franchises through external acquisitions/in-licensing

B: US operations to drive Group profitability

By end of 2013

- Checkpoint: Assessment of transformation progress

Potential risk of Increlex® shortage towards Q3 2013

C: Critical clinical data expected in 2013/2014

Clinical development phase	Expected data	Expected timing	Molecule/Drug
Phase III	Topline results	H2 2013	Dysport® Next Generation – CD – Europe
Phase III	PFS data	Q4 2013	Tasquinimod in mCRPC
Phase III	Topline results	Q4 2013	Somatuline® Functioning NET US
Phase III	Topline results	Q4 2013	Somatuline® Non Functioning NET WW
Phase III	Topline results	H1 2014	Dysport® AUL Spasticity

D: Ipsen gears up to accelerate strategy execution with the appointment of Christel Bories as Deputy CEO

A true expertise and significant experience
in company transformation

2013 Financial objectives & closing remarks

2013 financial objectives

Specialty care – Drug sales

Growth of +6.0% to +8.0%, year-on-year

- *Driven by continued and solid volume growth, in a context of increased pricing pressure and uncertainty on Increlex[®] supply as of today*

Primary care – Drug sales

Decline of -8.0% to -6.0%, year-on-year

- *French primary care to remain under pressure*

Recurring Adjusted* operating margin

Around 16.0% of sales

- *The Group expects a continued decrease of French primary care margin in 2013. Synergies from the new organization of French primary care commercial operations are expected to materialize in 2014*

The above objectives are set at constant currency and perimeter

* Prior to non-recurring expenses

2013, accelerating the execution of our strategy

2011

Definition and implementation of new strategy

2012

Robust performance in a challenging environment

2013

Accelerating the execution of our strategy
to achieve our 2020 ambitions

Thank You
